

Selwyn Park School

Term 3 Week 9 News-

From the Principal's desk

Tēnā Koutou Katoa, Mālo e lelei

Greetings to you all,

Whakatauki

'Haere taka mua, taka muri, kua e whai'

Be a leader not a follower.

Kia Kaha Te Reo Maori.

What an excellent week here at our Kura. We had a group of children attend a collaborative N.W. School Waiaata at D.P.S.

We also celebrated our Netball and Rugby teams prizegiving last night with 3 of our Northland Kauri Women being present and presenting our children with their photos and medals.

Sport is a great avenue for our children to grow and learn. To make life lasting friendships. Sport is a great way for being with friends and having fun. A huge thanks to all our schools coaches, managers helpers and parental support for being there to assist our children. We certainly have talented children in our classrooms and on our sports fields.

Please be aware there are still many bugs around. Keep safe whanau.

Sport Was a Winner:

Kau wana ake rātou nā All Blacks

Hope our Warriors can upset the Knights

Kai pai tō rā whakatā

Have a great weekend

Regards

Todd Warmington

Tips for helping your children read –

Let them choose the books they want to read. They'll enjoy them more.

What's on in Room 4...

Recount Writing

In the weekend my friend came to stay for the night. We did our makeup and changed into our dresses, to go to the park. I took my brothers roller blades and skated on them. The next day my aunty came to take us to the beach. It was Baylys beach, We went fishing. We caught two stingray and two snapper. After that we got to go for a swim, it was really cold. We had so much fun we didn't want to go.

By Wintah

On Sunday I went to my friends house. His name was Elijah, and we played tackle and it was fun.

By Ryan

I went to the beach. It was warm and sunny, the waves were white and small.

By Emma

Rockets:

Room 4 children became rocket designers with this fun science experiment that shows how mass, thrust and force are crucial for a successful launch. They finished with a competition outside to see who's flew the furthest.

Confectionery Candle:

We learnt that nuts are full of energy which can provide the fuel needed for a flame to burn. With this yummy confectionery candle, the children got to make it and eat it too. We explored further by trying other types of nuts and fruit.

Erupting Volcano:

The children enjoyed making and watching the chemical reaction between baking soda and liquids that made their volcano erupt into life oozing lava down the sides.

NOTICES

Pet Lambs, Calves & Goats

Now is the time to start training your pet lamb, calf or goat for Exhibition Day. This will be held in week 3 of Term 4. Northern Wairoa Ag Day is being held on Wednesday 1st November.

Tongan Language Week

Working Collaboratively each student created a piece for our tapa cloth by blending chalk pastel.
